WE LOVE OUR CITY

This is a new endeavor we are embarking on to see our city transformed. Simply give the We Love Our City cards to business owners, staff, or community leaders and offer to pray for their business or activities. Make sure to give them YOUR contact info on the back of the card. They can also scan the code on the card and visit our website for more info. This effort is meant not just to show our community that we love them, but also to begin seeing prayers transform our area.

Think On This...

"No stars gleam as brightly as those which glisten in the polar sky. No water tastes so sweet as that which springs amid the desert sand. And no faith is so precious as that which lives and triumphs through adversity. Tested faith brings experience. You would never have believed your own weakness had you not needed to pass through trials. And you would never have known God's strength had His strength not been needed to carry you through." -Charles Spurgeon
